## "RESPONSIBILITIES THAT LIE UPON ME"

### MR. NEVILLE CHAMBERLAIN REPLIES TO HIS MANY CRITICS

### "Neither Defiance Nor Deference": Paris Echoes Minister's Views

### DEMOCRACIES MUST INEVITABLY RESIST ALL ATTEMPTS AT DOMINATION

LONDON, Jan. 29 (REUTERS).  
"WITHOUT THE IMPROVEMENT IN ANGLO-ITALIAN RELATIONS, I COULD NEVER HAVE OBTAINED SIGNOR MUSSOLINI'S CO-OPERATION LAST SEPTEMBER, AND WITHOUT HIS CO-OPERATION I DON'T BELIEVE PEACE COULD HAVE BEEN SAVED," SAID MR. NEVILLE CHAMBERLAIN, THE PRIME MINISTER, SPEAKING AT THE JEWELLERS' ASSOCIATION DINNER LAST NIGHT AT BIRMINGHAM.

"A great deal of criticism has been directed at the Munich Agreement, against the action I took in attempting, by personal contact, to obtain a peaceful solution of the problem which nearly involved the world in a catastrophe of the first magnitude.

"The criticism comes from various quarters but there is a feature common to all the critics. None of them has the responsibility that lies upon me; none of them has that full knowledge of all circumstances that is open only to His Majesty's Government.

### Nothing To Regret For Step Taken

#### MORE RESOLUTE ATTITUDE

WASHINGTON, Jan. 29 (Reuters).  
—Mr. Chamberlain's speech is interpreted here as a welcome revelation of a more resolute attitude against further international blackmail. Circles close to the Government opine that come what may Mr. Chamberlain will remain an optimist to the last. The warmth of his reference to Mussolini so soon after Duce's proclamation of the fall of Barcelona as a victory for Fascism has caused some surprise.

Many wish they could share the Prime Minister's optimism especially in view of the impending Fascist triumph in Spain with its threat to Britain and France in the Mediterranean and the prospect of France with totalitarian pressure exerted on three fronts.

#### FOR MYSELF, LOOKING BACK

"I see nothing to regret nor any reason to suppose that another course would have been preferable. War to-day is so terrible in its effects on those who take part, it brings so much loss and suffering even to those who stand aside and watch the combat; from the ringside, that it ought never be allowed to begin unless every practicable honourable step has been taken to prevent it.

"MUNICH AGREEMENT"  
"That has been the view of this Government from the beginning and the Munich Agreement is the only incident in its constant unwavering policy of peace.

"I go further and say that the preservation of peace last September was only made possible by the events which preceded it, by the exchange of letters between Signor Mussolini and myself in the summer of 1937 and by the conclusion of the Anglo-Italian Agreement in February, 1938.

"Without the improvement in the relations between this country and Italy I could never have obtained Signor Mussolini's co-operation last September and without his co-operation, I don't believe peace could have been saved."

"DETERMINED OBSTRUCTION"  
The Prime Minister went on to say that his and Lord Halifax's visit to Rome had been criticised by people apparently determined to obstruct every attempt to carry out the wishes of the Anglo-Italian people to live on good terms of friendship, and to understand and settle all differences not by force. That was true not only of Britain and Italy but also of France and Germany.

"READY TO TALK"  
"Let us cultivate a friendship between the peoples," said Mr. Chamberlain. "That can be done by individuals, by traders as well as by the most official representatives. Let us make it clear to them that we do not regard them as (Continued on Page 9)

Mr. Neville Chamberlain: His tone was courteous but firm.

### DIRECT QUESTION FOR HITLER

LONDON, Jan. 29 (Reuters).  
Once again Mr. Chamberlain has asked for "a sign." London press commentators, in addition to underlining the former passages in the Prime Minister's speech, lay emphasis on the immediate importance of his remark that our attitude was defined beyond misunderstanding and it was now time for others to make their contribution. This is regarded as a direct question for Hitler to reply to on Monday.

The "Sunday Times" says the Prime Minister reaffirmed the Anglo-German Munich declaration. Let us hope Hitler will remain no less loyal to it because along that road lies the greatness and happiness of Europe and along no other.

The "Observer," in the course of a leader, remarks that Sudetenland is not the same thing as French or British sovereign territory. It is worse than idle on our side to disguise the anxiety with which the outcome is awaited or, on the other side, to mistake the cold rigid front that awaits the aggressor.

### "TO WARD OFF ALARMISM"

ROME, Jan. 29 (Reuters).  
Commenting on Sir Samuel Hoare's speech on Jan. 28, Signor Gayda, writing in the "Giornale D'Italia" says the "British Government is trying to ward off alarmism by the assertion that the exceptional armed strength of her Empire is intended to discourage any escapade on the part of third parties and calm any anxiety in British minds.

"More and more speeches are being made by British Ministers in this sense. It remains to be seen whether in the long run this ostentatious display of force would not encourage adventures of war parties who will believe themselves more than even safe to act."

## SERIES OF ROBBERIES REPORTED IN KOWLOON

### Village Woman Relieved Of Big Sum Of Money

TWO ARMED ROBBERIES AND ONE ARMED HIGHWAY ROBBERY WERE REPORTED FROM KOWLOON YESTERDAY. THE MARAUDERS IN EACH CASE DISPLAYING MUCH AUDACITY.

In Sheung Shui, a woman named Lu Yuk-sim, 48, residing with her daughter at an unnumbered hut in the village, was awakened about 3 a.m. on Sunday morning when she saw two men standing by her bed, one of whom flashed a torch on her. The other was holding a revolver in his right hand, which he pointed at her. He struck her a blow on the mouth with his free hand and told her to be silent.

Lu attempted to get out of bed, but she was pushed back and covered with a quilt while the house was thoroughly ransacked and \$810 in Hongkong currency and \$1,600 in Chinese currency taken.

The robbers left only after they had taken from the woman the earrings she was wearing and quite some time after Chan Pui-ying, 21-year-old daughter of Lu, had already blown a police whistle and called for help.

Chan was struck by one of the party of five robbers, suffering a slight wound on the left side of her head.

TIED TO POST.  
The other armed robbery occurred at 154, Apiti Street, first floor, where at 2.30 p.m. Wu Kam, a conchaine, was sitting in the tent with

## "TO SETTLE AFFAIRS"

### Jews May Return To Germany

BERLIN, Jan. 29 (Reuters).—All Jews who have been in "No Man's Land" on the German-Polish frontier since the end of November will be allowed to return to Germany to settle their affairs. A statement says that this decision was reached following negotiations between both countries. The Jews will be allowed to take certain movable articles out of the country with them. The value of bank balances and landed property will probably be paid into a special communal account. There will be further negotiations regarding the transfer of capital to shareholders.

—Mr. Hu Wen-hu, wealthy Chinese Singapore businessman, has organized a \$50,000,000 Yunnan border industrial organization. Authorization has been received from Gen. Lung Yen, Governor of Yunnan Province, to designate Szemao as a "model" district. The work of the new corporation will be divided into mining and land reclamation departments.

The Central Military Affairs Commission has ordered the Chinese military commanders to prohibit the people from selling copper and other kinds of minerals to Japan. Heavy punishment will be imposed on delinquents and the amount discovered will be confiscated.

## BACKBONE OF THE ARMY

### Chinese Subalterns Hear Address

(From Our Own Correspondent)  
CHUNGKING, Jan. 29.—The fortunes of war are in the hands of subalterns, who must have military talents and political knowledge, and if they stick to the Three People's Principles and have the welfare of the masses in mind, they can go through any difficulties on the battle field.

This was the keynote of recent address by Gen. Yu Han-mou, head of the 4th Route Army and Deputy Commander-in-Chief of the 4th War Zone, to officers in a special training class somewhere behind the lines.

"Junior commissioned officers are the backbone of the army," declared Gen. Yu. "They must have ability before they can lead the men. In spite of the present difficulties, we must strike a new path towards glory."

#### COMMUNIQUE ISSUED

About 1,000 Japanese infantrymen, 300 cavalymen and two batteries arrived at Cholotsum in the extreme west of Fuyuan district on January 25, according to a communique issued by the Fourth Route Army.

About forty motor boats and steam launches cruised around Hohow, opposite Samshui. The motor boats cruised as far as Mukmin, also on the West River. There is no change in the situation at Tungkwon on the East River and the Tzengshing-Chungfa sector, northeast of Canton.

## AIR RESERVE TRAINING

### URGENT APPEAL FOR LEAVE

LONDON, Jan. 29 (Reuters).  
The Air Council is making an urgent appeal to employers to release pilots belonging to the Royal Air Force Reserve and Volunteer Reserve for periods up to six months.

This is to enable pilots to undergo a term of strenuous training with the R.A.F. with the object of increasing, as soon as possible, the number of pilots trained to the operational standard of modern types of service aircraft.

This extended training of training reserve pilots is described as constituting a highly important contribution to air defence.

### SHAO LI-TZE SAFE

The "Hongkong Daily Press" is officially informed that the person kidnapped by Japanese in Shanghai on Friday was not Mr. Shao Lih-tze, former director of the Central Publicity Board, as reported.

### U.S. PLANES FOR FRANCE

### "Shocking Situation," Says Senator

WASHINGTON, Jan. 29 (Reuters).  
—The Government's sanction of the sale of military planes to France was strongly criticised at a session of the Senate Military Affairs Committee.

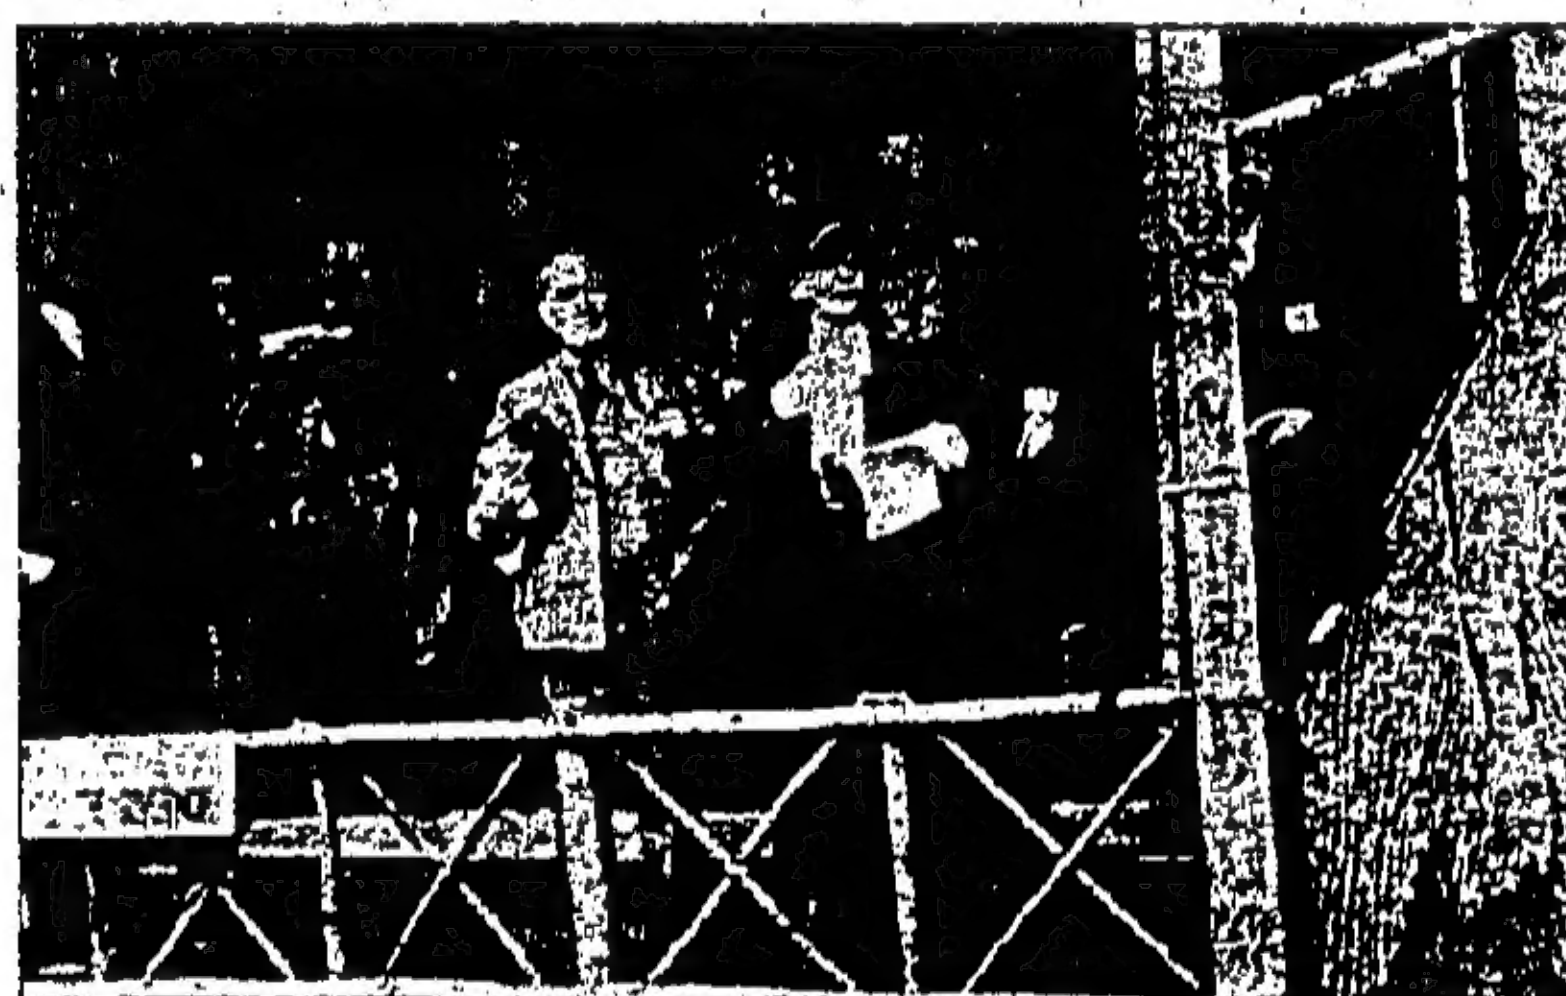

Senator Gerald Nye declared that the decision was "equivalent to military alliance with France." Senator Clark said, "I think it is a shocking situation to find the United States Government preparing to permit the sale of planes of the latest development to foreign countries before they are available to this Government."

### KING WATCHES AIR RAID

LONDON, Jan. 29 (Reuters).—The King and Queen with the two Princesses, watched a mock air raid over Sandringham where the Estate workers participated in a realistic demonstration in which mustard gas bombs, represented by smoke bombs, were used.

Men ers of the Royal family took no part in the practice, and did not wear gas masks. It was by the King's orders that the Estate staff and fire brigade had been thoroughly instructed in A.R.P. work.

## RECOVERY IS COMPLETE

### WU PEI-FU AND JAPANESE CLAIMS

#### Issues Non-committal Statement

PEIPING, Jan. 29 (Reuters).  
Marshal Wu Pei-fu has issued nothing yet to confirm the Japanese claims that he has agreed to be head of the co-called national salvation peace move. It is known that he has been under strong Japanese pressure since the failure of Wang Ching-wei's peace move.

Replying to invitations to head such a movement Wu Pei-fu issued a statement which is regarded as a masterpiece in composition.

In the statement he writes generally of the history and ethics of the struggle and deplores the hostilities, adding, "If the hostilities do not end in time I fear that one day a general conflagration will develop which will wipe out China and do no good to Japan."

This is regarded in diplomatic circles as a non-committal statement made in extremely difficult circumstances. It is considered significant that Wu Pei-fu criticizes neither the Chungking regime nor Chiang Kai-shek with whom he is known to have been in contact fairly recently.

### NEW SITUATION IN FRANCE

PARIS, Jan. 29 (Reuters).  
"With tons of gold returning to France the country could to-morrow have the means of buying five thousand ultra-modern aeroplanes abroad," declared M. Reynaud, Finance Minister, broadcasting the result of his financial policy. Drawing a flourishing picture of the new situation in France, M. Reynaud said, "recovery is complete. Through your discipline the face of France has changed in the world. We can say to-day that while France despises no one, she fears no one, and if all remain calm and realize how determined we are, I am sure they will all realize that there is something better to do than make war."

### JAPANESE PLANE SHOT DOWN

TUNGKUAN, Jan. 29 (Central).

The machine crashed in flames in the vicinity of Pinglu. The two Japanese airmen were captured alive. The raiders rained a large number of bombs inside Shanchow.

## SOUTH CHINA "A" HOME FOOTBALL RESULTS

**Eastern Avenue Earlier Loss**

South China "A" dropped two valuable points by losing to Eastern in their first division league encounter at Happy Valley yesterday by the odd goal in three.

The game throughout was very exciting and both sides were anxious to get an early goal in order to break the other's confidence. Hau Ching-to was in his best of form and with Lee Tak-kee gave a fine performance.

South China had a strong side but the newly-inspired opposition held the League runner-up to one goal each at half time, and to score the winning point after the interval.

After a period of end-to-end play, Eastern gathered the ball in front of South China's goal mouth. Hau Ching-to rushing in from the wing, caught Tam by surprise and netted a difficult shot. Fung King-cheung retaliated soon after and the score at half time was one goal each.

After the interval, Yu Yock-shing netted the game point and no further scoring was registered.

## SECOND TRIAL UNIMPRESSIVE

**Few Players Sure Of Position**  
(BY "THE QUIZ")

The second Interport hockey trial took place at King's Park yesterday. The game was very scrappy and unimpressive during the first half, as the players took time to settle down. This seemed to be due to the wrong positions allotted to most of the players.

Pritam Nath, normally a centre-forward, was put inside right, G. Singh, an inside right man, was played in the inside left position, and Pyara Singh detailed at outside left. I am confident that had G. Singh been given his proper side with Lt. Pritam Nath as the leader of the forward line the game would have been much different.

I fail to see the reason why the selection committee should not give Pritam Nath, G. Singh or Pyara Singh a chance to show themselves in the centre-forward berth during both of the last trials. The players should, I think, be given some discretion as to the positions which they can creditably fill.

**FIRST GOAL**  
The first goal came from Fonseca, the Recife forward, who beat J. King with a fine first time shot. The game continued dull for the rest of the time. The feature of the game was W. Reed's long low passes to Pritam Nath and Lt. Cdr. Kennedy, for the latter player could make little headway. Pritam Nath had to indulge in dribbling at times due to the fact that he did not get back the ball from the leader as expected.

On changing over Parker came into the left berth and Fonseca was changed over to the White's inside left position. Lt. Pritam Nath soon after resumption scored the equaliser for the Whites after a movement with Lt. Cdr. Kennedy. Malik, in the left half berth, worked very hard and checked S. Fowler nicely. His timely saves even near the goalmouth were specially praiseworthy.

His opposite number, N. Whitley, was resourceful. Lt. Hook, who played centre half for the colours, was very judicious in his passes and in my opinion is the only player for the right half berth.

**GOOD PARTNERSHIP**  
The selectors did well to partner Gonsalves and Bond as backs for the colours in the second half and they formed a very harmonious pair. They have all the essential attributes requisite for checking such a fast forward line as Macao have. Sommer, who is prone to stop the ball with the hand, and is not so fast, was changed to partner Taylor. Gurbachan Singh scored a very good goal for the colours in the second half off a solo, dribbling clean through the defence. The fourth goal came from Pyara Singh at the left wing berth.

I suggest that the selection committee should hold another trial next Sunday or earlier if possible in order to decide some places. If such a trial is held I would suggest that Pritam Nath be given the centre-forward position, with G. Singh on his right and Nerrain Singh on the left, with D. Smith and Partab Singh on the wings.

On these two trials I would select the following team for the Colony:—

Benwell, Gonsalves, V. Bond, M. R. Malik, W. A. Reed, Lt. Hook, D. Smith, G. Singh, Pritam Nath, Nerrain Singh, and Partab Singh.

## CRICKET CHAMPIONS IN GAME OF THRILLS

**Indians' Amazing Epidemic Of Dropped Catches**

**LAST OVER STARTED AT SIX!**  
By "TAC"

AN AMAZING AND INEXPLICABLE epidemic of dropped catches very nearly cost the Indian Recreation Club the loss of their important match with their old rivals, Craigen-gower Cricket Club, when these two teams met at Happy Valley on Saturday. Following this series of fielding lapses, which allowed the home side to total 148 runs when they should have got no more than 80 or 90, batsman after batsman on the Indian side proceeded to get out for no particularly good reason.

Thus the Sookunpoo eleven may well consider themselves lucky they got away with a draw in a match that attracted one of the greatest galleries I have seen outside an Interport encounter—a match that was full of interest throughout, the result being in doubt until the very last ball was bowled, and a match rendered extra remarkable by the fact that the last over was started at six o'clock.

Appropos the last circumstance, was tying him up in knots and I understand that one reason given for it was that neither umpire had called "Last over" for the over that should actually have concluded the match. Now, I am merely a humble writer, and, at times, a would-be player, of the greatest of all games, with no pretensions at complete understanding of the rules as laid down by the pundits, but is that a good enough reason? Frankly, I dare not commit myself to an opinion. I shall merely briefly detail the facts and leave it to those better qualified to judge.

This was what happened. With 30 seconds to go (as nearly exact as I can make it), Ismail Ali, who was partnering S.A. Ismail for the eighth wicket, was out leg before to Billmoria off the fourth ball of the latter's current over.

M.P. Madar went in, survived the fifth ball despite a frantic dive by short-leg; then, for some utterly mysterious reason, he ran out desperately to the last ball, made a mighty beat at it which must have missed by inches, and saw his off stump go.

**THE LAST OVER/OVERS**  
Simultaneously, as I ascertained later, the watch of at least one of the umpires pointed to six o'clock exactly, and—though this latter cannot be counted as official time—the factory whistle of the tobacco firm nearby shrieked its 6 p.m. signal.

Nobody made a move to go in, the umpires exchanged a few words, Minu went on to the field, spoke to Zimmerman, and it was announced that a "last over" would be played. A.M. Rumjahn, the last man, thereupon went in to partner Ismail, who had to take the bowling. Francis Zimmerman was given the ball, at the Civil Service end, and put down at least two very dangerous ones in the six, but Ismail held out amidst tense excitement.

Those, then, were the facts. I think a ruling by the League committee would not be out of place. In this particular match the result was not affected, but in the last block of games a not dissimilar incident happened in the Club-Civil Service encounter. In that case a last over was not played, and with three runs to get to win with a number of wickets yet to go, the Club had to be content with a share of the spoils.

**THE PLAY**  
To get to the game itself, Minu won the toss, and, after some thought, decided to field. Esmail and Hung opened for Craigen-gower. The first wicket fell at 16, when Esmail was palpably l.b.w. to Nazarin. Next over, without any addition to the score, Hung was out to a snap catch in the slips off Minu's bowling. Francis Zimmerman came in to partner H.P. Lim. At 35 Zimmerman was run out, his own score being 14. He was just beginning to look a source of danger to the Indians.

George Souza came in, and there began a partnership that was remarkable in many respects. At the start Souza was all at sea. The natural free swing and polished style of his play precluded his looking cramped but it was obvious he felt cramped. Minu

## BING CROSBY IN ROLE OF COWBOY

### "Paris Honeymoon" At The Queen's

Bing Crosby, whose recording and screen crooning has won thousands of admirers, may be seen at the Queen's Theatre in the role of a wealthy cowboy in Paramount's newest comedy "Paris Honeymoon" in which he is ably assisted by Franciska Gaal and Shirley Ross.

In recent films Crosby has shown a decided flare for roles in lighter vein and in "Paris Honeymoon" he once more demonstrates his ability on these lines.

Miss Ross is cast as an American heiress a role to which she is typically suited, while Miss Gaal is seen as the Rose Queen at the annual Rose Festival in Paris to where Crosby has gone to live in a castle pending the granting of a divorce for his bride-to-be by the French Court. Naturally complications arise and these supply the main comedy interest in the film.

Miss Gaal, however, is broken hearted and decides to marry her former employer, a role ably taken by Akim Tamiroff. The rest of the story centres round Bing and his final reconciliation with Miss Gaal.

Directed by Frank Tuttle, with Edward Everett Horton, Ben Blue and Michael Visaroff in supporting roles, "Paris Honeymoon" is well worth seeing.—C.I.R.E.

## COLOMBO FACES WATER FAMINE

There is just sufficient water for thirty days in the Labugama reservoir and unless there is heavy rain in the catchment area Colombo residents will have an unprecedented water famine.

The water has fallen about 40 feet below spill-level and the reservoir, which was once full to the brim, is now almost empty and resembles a dried-up stream.

# WOMEN'S PAGE

## Women Consult Higher Authority—Man!

Women don't go to women for advice—they prefer the counsel of man because they still believe he is a higher authority. That view was expressed by speakers at the conference in Cambridge of the Society for the Ministry of Women. Dr. Maude Royden (herself a minister) said that before the war she was working in politics, and found a good deal of opposition to women which was brutal.

"But," she added, "in politics I met with the same quality of opposition—what I can only call slime—as I met when I began urging the entrance of women into

the ministry. It is a sort of yellow streak which is worse than brutality."

Miss Royden also spoke of the "dreadful wave of opposition" which was aroused against a certain married woman minister when it became known that she was expecting to become a mother.

Miss Royden said that she did not believe that women's objection to women ministers was a sex objection at all. Many women would rather go to a man for advice just as an inferior would want to consult a superior.

The reason for that was that women had been, since the beginning the subject sex. Therefore, a great many women still had the feeling—which was now vanishing—that in going to a man for advice they were going to a higher authority.

The Rev. Dr. A. Herbert Gray (London), of the English Presbyterian Church, said that large numbers of women preferred to turn to men in their need. They wanted a man confessor.

## Round About

Early one evening a considerate gentleman possessing an over abundance of goodwill towards man passed through the offices in one of the hotels. How he arrived in these particular surroundings, he seemed not to know. However, a persistent buzzing sound attracted him to a board where a red light glowed.

No one was in the office at the time, therefore, he viewed this light and the various cord plugs which appeared from a wooden box and were stuck in holes on this board.

The buzzing continued. An idea formed in the man's brain. Is this noise necessary. It certainly should be stopped!

Ah! he knows what to do, and so grabbing the five or six plugs and their lines he detaches them from their respective holes in the board.

Quiet, solitude vanished, the one buzzing sound grew in volume as seven and eight red lights flashed on and off. In disgust he seated himself in the chair by this mechanical apparatus and stared at the red lights, still the buzzing noises continued.

Finally an assistant manager practically tears down the door coming into the room. He does not thank the gentleman for his consideration and assistance in disconnecting seven telephone con-

## FREEDOM OF THE PRESS

## Debate In Wah Yan

The regular fortnightly debates in Wah Yan College, which had been interrupted for almost two months owing to the work by Class I students for the refugees in Fanning, were resumed on Saturday, when an interesting debate took place on the Freedom of the Press.

The exact wording of the motion before the house was:—"That the world has now reached a pass when the liberties of the press are too rigidly curtailed."

The actual debate was the result of a challenge from Class 1 to Class 2. The Sword Club (the Class 1 class organization) offered to debate either side of the motion against the Star Club (the Class 2 club). The challenge being accepted, the Star Club elected to defend the motion as proposed.

## CRUDE PROPAGANDA

The main points put forward by the defenders were as follows:—Newspapers could, and should, be highly educational; should lift the people as a whole to higher levels of thought and idealism. If, however, their liberties were unduly interfered with, and they were allowed to print only such articles and editorials as the Government allowed, this aim could not be attained. The press would be reduced to the servile mouth-piece of autocratic rulers, and would become a mere instrument of crude propaganda.

The press, they argued, should act as a legitimate vent for grievances; for unless legitimate opposition to government measures were allowed to express itself, discontent would spread and rebellion would be fostered underground. Clearly, there was no question here of evil or immoral papers, engaged in spreading either false political doctrines or the knowledge of vice; such unworthy rags should be ruthlessly suppressed. But except for such productions, which no worthy citizen would hesitate to condemn, the press, like the individual, had a right to its liberty, and to interfere with its freedom to tell the truth was a grave breach of justice and political prudence.

The Sword Club, on the other hand, took up the point about the press, if controlled, becoming an instrument of propaganda, and turned it rather neatly on their opponents. Unless the press were controlled, they argued, it was certain to become an instrument of evil propaganda. Not all journalists were worthy of their high calling; and unless some kind of censorship, at least in mild form, were imposed, it was certain that papers would be printed and sold which preached the most dangerous and subversive ideas.

## "DANGEROUS FREEDOM"

Their opponents were too credulous, they affirmed, if they believed that an unrestricted freedom to print anything was not highly dangerous; no revolution ever yet succeeded, which was not, frequently started, and always supported by a violent and able journalistic campaign. The press had enormous power, for good or evil; and it was the duty of any good government to ensure, in as gentle and tactful a way as possible, that this power was used for good. Man was born, indeed, free, but liberty in any walk of life needed to be curbed and restricted for the common good. Why should the servant be greater and freer than its master, the newspaper alone be free from the limits and restrictions of social life?

## EXHIBITION AT WEST POINT

## Chinese Script Variations

## CALLIGRAPHY WORK BY MR. CHEN

Ten different styles and over 30 variations of Chinese script by Mr. Chen Kung-cha, the calligraphist and author, are on view at an exhibition at the Kam Ling Restaurant, West Point.

The show, which opened on Saturday and ends to-day, has already been attended by hundreds of people, many of whom being prominent educators, scholars and government officials.

Many of the examples of Chen's calligraphy, made into scrolls, have been acquired by eager collectors. Mr. Chen possesses the singular gift of being able to write in nearly all styles of Chinese characters.

In addition to calligraphy, there are also on display a number of books written by Mr. Chen, as well as a large quantity of materials he has invented for the purpose of making Chinese writing easier.

## JADE-POINTED PEN

Outstanding amongst these are several examples of the newly-perfected jade-pointed pen for writing large characters, an ink of special quality and a mechanical, labour-saving device for grinding the solidified ink cube.

An English work by Mr. Chen, "The Art of Chinese Calligraphy," is among the books exhibited. The work, which is fully illustrated, will shortly be published.

Formerly Chief of the Third Department of the Tientsin Municipal Government, Mr. Chen came to Hongkong after the start of the war, and has since been engaged in scientific and research work.

It is understood that he has unearthed some valuable prehistoric relics of Hongkong which are being identified and classified.

## MANY CASES OF TUBERCULOSIS

Thirty-two cases of tuberculosis were reported to the health authorities on Friday, being the highest daily number recorded since the disease was made notifiable.

Three cases each of diphtheria, measles, chicken-pox, cerebrospinal meningitis and dysentery, two cases of enteric fever and one case of puerperal fever were also reported.

## EASTERN HEALTH

The Health Bulletin of Eastern Ports for the week ending January 21 is as follows:—

Cholera: Calcutta 18, Hongkong 1.  
Small-Pox: Delhi City 18, Bombay 1, Calcutta 100, Karachi 1, Madras 57, Rangoon 2, Haiphong 1, Saigon Cholera 1 death, Hongkong 7, Shanghai 188.

## ARMED ROBBERY CHARGE

Hearing of committal proceedings against Wong Ki, 27, and Mo Kung, 26, charged with armed robbery at Shek Ki Mei Village on January 9, was fixed by Mr. Q.A.A. Macleayden at the Kowloon Court on Saturday for this afternoon.

Wong and Mo were arrested with four other men following the discovery of revolvers and ammunition in a cave at Kowloon Tong about three weeks ago. Charges against the other four men have been withdrawn, and they were discharged when they appeared on remand before the Magistrate on Saturday.

A decree nisi has been granted to Mrs. Ellen Florence Allen from her husband, William Elihu Allen, in an undefended divorce suit in London recently. Mrs. Allen is well-known in Hongkong, being the daughter of Mr. and Mrs. G. J. Colesworthy of the Royal Naval Dockyard.

## BACK TO THE BIBLE

## "What About Hell?"

"Why do men and women get as far away as possible from a Back-to-the-Bible Campaign?" asked Doctor Oliver at the Kowloon Union Church on Friday evening. The answer, he said, is that the Truth is too hot for crooked lives. "If I came with a record of denials of the Book, there would not be a building in Hongkong half large enough to hold the crowd who would come to hear the Book torn to pieces. People say I rub the fur the wrong way. The real trouble is that the fur is headed in the wrong direction."

The most characteristic thing about the Bible is the definite division of the children of the Devil. Those who rebel against the light from heaven do so by choice, and in choosing they determine their own eternal destination. "For ever and ever" are the words used to describe both the duration of the Throne of God in Hebrews 1, and also to describe the duration of Hell in Revelation 20.

The last message which the Lord, Jesus Christ, gave to Spirit-inspired men to write to the human race was that those who live for the Devil and serve him must spend eternity with him. "Without are dogs" (Rev. 22, verse 15) has reference to false preachers and prophets, described by Isaiah as "dumb dogs which cannot bark; sleeping, lying down, loving to slumber."

## THE ONLY DRAWBACK

"An African chief, when first shown a mirror, dashed it to the ground exclaiming 'who was that looking at me?' A merchant of Boston said that the only thing keeping him from accepting Christ was the Bible. 'I look into it for comfort, but every time it hits me right between the eyes,' he said. The Bible was showing him himself as God saw him, but it was not the Bible which was keeping him from Christ."

There is a law of segregation in operation everywhere. On board ship the gamblers get together in a place by themselves, whilst the Christians delight to gather for a Gospel meeting. Hell is an absolute necessity. Just imagine the newspapers of Heaven coming out with the headline "Bag snatching down on Hallelujah Avenue." There would be gangs of thieves digging up the golden street, whilst others took the pearly gates off their hinges and put them up for auction. "There shall in no wise enter into the New Jerusalem anything that defileth." The enemies of the bath-tub and the Bible are not noted for cleanliness morally or spiritually.

## PRESS THANKED

"A number of wealthy men of Pittsburgh and Johnstown, Pennsylvania, formed a club. By damming a canyon, they formed a beautiful lake which they stocked with fish. Wild duck and geese were hunted there, and it was an anglers' paradise. There came an unusually wet season, with week upon week of steady downpour. A man whose home was in the mountains suddenly saw the great dam vibrate under the terrific weight of water. He rode through the main streets of Johnstown crying out 'The dam is breaking.' Some took warning but many did not. The great rush of water hurled a magnificent residential district against the trestle of a railroad bridge, and 3,600 bodies were recovered from the debris. Desolation will sweep this world like a besom of destruction."

The lecturer expressed his appreciation of the space which the Press have given to reports of his lectures.

For the proper regulation of traffic, a large bus terminus is shortly to be built at the vehicular ferry wharf on the island side of the harbour. In addition, a new wharf to meet the increased ferry services is being constructed near the present wharf directly opposite Pottinger Street.

## OFFENCES AGAINST PERSON

The "Government Gazette" publishes the draft of a Bill to amend section 45A of the Offences Against the Person Ordinance, 1865, as enacted by the Offences Against the Person Amendment Ordinance, 1938.

Be it enacted by the Governor of Hongkong, with the advice and consent of the Legislative Council thereof, as follows:—

1. This Ordinance may be cited as the Offences Against the Person Amendment Ordinance, 1939.

2. Section 45A of the Offences Against the Person Ordinance, 1865, as enacted by section 2 of the Offences Against the Person Amendment Ordinance, 1938, is amended by the addition of the following sub-section at the end thereof:—

(5) The consent of the person intended to be, or actually, unlawfully transferred, taken into possession, custody or control or harboured, or the receipt by such person of the consideration, or any part thereof shall be no defence to a charge or indictment under this section.

## OBJECTS AND REASONS

1. Sub-section (4) of section 45A of the Offences Against the Person Ordinance, No. 2 of 1865, as printed in Volume I of the Ordinances of Hongkong (1937 Edition), provided that it should be no defence to a charge under the section that the minor, whose transfer was the subject of a prohibited transaction, consented to it or received the whole or any part of its consideration.

2. The substituted section 45A, enacted by Ordinance No. 18 of 1938, which no longer limited the offence to transactions concerning minors and which made it indictable, contained no provision relating to the consent of the person transferred or to his receipt of any part of the consideration.

3. The object of this Bill is to add to the new section 45A of the principal Ordinance, a sub-section to the effect generally of the provision omitted in 1938.

## JAPAN'S FOREIGN TRADE DROPS

JAPAN'S ABILITY to prosecute her ridiculous adventure in China continues to be the subject of considerable speculation among certain people, many of whom cling to the belief that her economic position is not so unsound as critics would make believe.

A CLOSE STUDY of Japan's foreign trade for 1938 will, however, prove how ineffectual are Japan's claims to be able to push the war in China.

INEFFECTUAL to the Tibetan CLAIMS borders and to "fight for another

hundred years or more if necessary." The hostilities which Tokyo pleased to describe as "a local incident," have passed the eighteen-month mark, but Japan has not made the headway she hoped, prior to July, 1937, to make. Far from defeating China within three months, the invaders have been shocked at the resistance which the gallant armies of China have been putting up.

IN 1938, the volume of Japan's foreign trade declined from the beginning of the year up to July, after which it showed a slight improvement. The improvement, however, was not a positive one brought about by increased exports; rather, it was a negative one effected by decreased imports.

JAPAN'S TRADE with third Powers up till the end of October showed decreases of about 40 and 42 per cent, respectively. Government controlled foreign exchange and, in view of the prevailing situation, the importation of war supplies and other materials had to be precipitated, while the import of civilian supplies for consumption within the country and of materials for the SHARP manufacture of goods DROP IN for export had to be IMPORTS held down. Especially sharp was the decline in imports of cotton, wool, raw rubber and pulp, all important materials for the manufacture of goods for export and not for home consumption. The amount of the decrease corresponds to 67 per cent in comparison with the corresponding figures of 1937.

THE DECLINE in exports is put down to several causes. Firstly, the world-wide economic depression which is far more marked in

## SATISFACTORY YEAR

Chinese Bathing Club  
Annual Meeting

The annual meeting of the Chinese Bathing Club took place yesterday at the St. Francis Hotel. There were present: Mr. Kwok Hin-wang, Chairman; Mr. Shing Chu-sow, Vice-Chairman; Mr. Tse Yue-chuen, Hon. Treasurer; Mr. Ip Koon-yim, Hon. Secretary; Messrs. Leung Wing-cho, Ho Shun-hing, Hui Pak-mei, Cheung Shiu-tong, Chan Chi-ching, Mo Siu-um, Mrs. Kwok Hin-wang, Mrs. Chan Chi-ching, Committee; and a large number of members. Tiffin was served.

The year's work was very satisfactory as disclosed in the report read by the Hon. Secretary. The balance sheet for 1938, proposed by

MR. KWOK HIN-WANG

Mr. Wong Kam-ying and seconded by Mr. Ho Siu-um, was adopted.

A resolution was passed to the effect that a sum of \$7,000 was to be put aside for reconstruction of the bathing shed in case of necessity. This was proposed by Mr. Leung Wing-cho and seconded by Mr. Chan Chi-ching. This sum will be in the hands of five trustees, Messrs. Kwok Hin-wang, Shing Chu-sow, Tse Yue-chuen, Kwok Chan and Li Chi-chung, elected by all the members. Thirty-one members were elected as the committee for the coming year.

Mr. Kwok Hin-wang promised to lend a sum sufficient for the upkeep of the Club. In case the present amount of maintenance fund cannot last until the next swimming season starts after putting aside the \$7,000.

The meeting concluded with a speech by the Chairman.

## DROVE UNDER INFLUENCE OF LIQUOR

European Youth  
Fined

H. W. McDonald, 20-year-old youth, was summoned before Mr. E. Hinesworth at the Kowloon Court on Saturday morning when charges were preferred against him of driving a car while under the influence of drink, driving without lights, driving a car without the owner's permission and driving without a license. McDonald pleaded guilty to all charges, and was fined a total of \$155.

Japan than in foreign countries. Japan's exports to the United States had fallen off by some 42 per cent by the end of September, 1938, in comparison with the corresponding period a year previous. Further, by the end of September, 1938, Japan's export trade with third Powers fell off by as much as 40 per cent, while the combined world trade declined by only 12 per cent. These figures obviously indicate that there have been some causes peculiar to Japan for the unfavourable trend in her foreign trade. The boycott of Japanese goods, which has been vigorously carried on by Chinese residents abroad, may be considered a contributory factor.

AS TO COMMODITY prices in Japan, investigation reveals that prices for 1938 rose by a little more than ten per cent. This trend presents a notable contrast to prices in Great Britain and America, where commodity prices have continued to decline since December 1937.

MEASURES will have to be taken in order to improve Japan's exports and, until that is done, there is no reason to believe that Japan can strengthen herself economically, in which case her drive in China must fail.

## AMERICAN GIRL DISCOVERED IN HOTEL RAID

A 15-year-old American girl who spoke fluent Cantonese but not a word of English was discovered in a room in the Hotel Asia, Connaught Road, in the course of a raid carried out on Friday night by Miss Phyllis Harrop, Lady Assistant to the Secretary of Chinese Affairs, and a party of officers.

The girl, it is stated, is well known as "Helen" and has for the past six months visited local hotels and boarding houses on call. She is stated to have been adopted by Chinese parents at an early age, and has lived in China since then.

Her real identity is at present unknown, but it is hoped that from a few photographs and addresses of people in various parts of the United States, which were found in her possession, further information concerning her may be obtained with the assistance of the American consular authorities here.

The girl, who is now in the Salvation Army Home, was found in the company of Chinese prostitutes. Two girls, two women and a man are at present detained by the police pending inquiries.

## ASSOCIATION OF TENANTS FORMED

The Hongkong and Kowloon Tenants' Association was formally inaugurated at the Hotel Cecil on Saturday afternoon, it being announced at the meeting that the association had already enrolled 4,787 members.

Mr. M. A. da Silva performed the opening ceremony by uncovering the new association's name plaque.

"I have been accorded the very great honour of being invited to perform the opening ceremony today," said Mr. Silva. "I understand the need for the association arose out of the congestion and lack of accommodation in the Colony arising out of the continual influx of refugees since August, 1937."

"I also understand the aims and objects of the association are charitable ones. First, I believe, is the obtaining of legal advice for tenant members; the second, I believe, is also the granting of free medical services, and the third, the promotion and establishment of free schools for the children of tenant members."

"I understand also that there are many other objects and these are all charitable ones. From this it would appear that the association is a worthy one."

Mr. Silva went on to relate the story of a small boy, a wood-cutter and a bundle of twigs. The boy could break with his hands a single twig, but even the wood-cutter was unable to snap into two a bundle of twigs bound together.

"The moral may be a very trite one," Mr. Silva continued, "but very true indeed. An association is founded on unity, accord, and union, and must depend for its very existence on the continuity of this unity and amity."

Dr. Kwok Lu-tung, who was in the chair, also spoke, a message from Dr. Kong Ham-fu was read by his representative, and a report on the association was read by Mr. Liu Bing-chuen. The meeting concluded with the reading of messages of congratulation from other associations and the taking of a group photograph.

## APPEAL FOR VARSITIES

LONDON, Jan. 28 (Reuter)—An appeal on behalf of the Chinese universities is made by Mr. George Gordon, Vice-Chancellor of Oxford, in a letter to "The Times" this morning.

Mr. Gordon says that there is a great body of opinion at Oxford highly sensitive to the destruction of Chinese universities, who have been forced to migrate to the remote West to carry on the tradition of Chinese education without books and apparatus.

## WU PEI-FU RUMOURS DENIED

CHUNGKING, Jan. 28 (Central)—A spokesman of General Wu Pei-fu told press representatives during an interview yesterday at Peking that current rumours concerning the general were entirely unfounded. General Wu, he said, has never consented to head any Japanese sponsored organ.

## Hello &amp; Goodbye

—BY A. W. HYER—

There were no outstanding events over the weekend maybe, but anyone down along the wharf-side Saturday certainly found plenty of "partying" going on for arrivals and departers.

Cabins and public saloons echoed with the gay and joyous words "gambo!" "cheers!" "skool!" and "good luck!" And we have come to the conclusion that the "Sea Dragon" personnel are enjoying the daily goodbye parties so much, that each day means another!

However, this spirit makes life go round. It is all in fun and good cheer, everybody has a good time but the cabin and bar boys who are fairly well broken in to the wear and tear of this business. Pan American Airways.

CAPTAIN R. H. MOGLOHN put the Philippine Clipper down on the choppy bay waters at 12.05 on Saturday. The flight up from Manila was very pleasant.

Hello again to Mr. E. Brewster Buxton, the meteorologist of PAA who keeps flying back and forth between here and Guam.

Genial and smiling we found Mr. Jerry Lamond of the American Lead Pencil Company with headquarters in New York City. Business brings him frequently to this section of the country. Airplaning across America and the Pacific is just a jaunt. A few days here and he sails to Shanghai, later returning and Clipping home.

We believe the best looking Englishman out of the British Isles landed in our Colony in the Clipper. Mr. Mark Watson, very tall and handsome is travelling to see what he can see. November he departed from London, lands in New York and leisurely flies across the States. A Clipper brought him over the Pacific on his first visit to this land. Eventually he travels to Java, by sea or by air he is not decided, and after a short visit in the south, flies home.

Mr. M. C. S. Tanunilong, manager of the Luzon Industrial Corporation and honorary adviser to the Chinese Y.M.C.A. in Manila comes visiting to Hongkong on a short business call. He reports the Clipper trip tops in comfort and speed.

The other passenger arriving en masse, the Mr. O. J. Fikes of the Firestone Tire and Rubber Co. in Manila.

DR. HARRY MILLER went Clipping to San Francisco Sunday morning at 8.30 o'clock. He was looking forward to a fine sky-ride, fair expeditions and a hurried interesting trip.

President Pierce

THE PRESIDENT Pierce got under way 4.15 p.m. Saturday. Captain C. Jokstad, who by the way has his finger throughout the ship, so to speak, gave us a big surprise when he reviewed the improvements made by the new American President Line Co. to these steamers.

An entirely new factory for the shipwrecked passengers in the rind, sending, and receiving set which is installed in each lifeboat on the "Pierce." Another feature in this regard is the electrical apparatus for the lowering of lifeboats. It is much safer and eliminates many accidents.

The tall, efficient and cordial Captain also gave us an "eye full" when he explained the automatic fire detecting devices; the sprinkler system, having a nozzle every eight feet through the ship and the automatic fire alarms. Thirty-two fire bulkheads have been installed and a loud-speaking system communicates messages from the bridge to all sections of the steamer.

American President Line is out to set a record, not only will their new vessels, being built in America, be the best on the waters, but the reorganization of personnel on land and sea will be supervised with a strong hand in a velvet glove, such as that of Captain Jokstad's.

Mr. John R. Stark's address is Malayan Gutta. However, he has many welcome mats out for him in the Colony. After a short visit here, he sailed on the President Pierce for San Francisco. It is all business.

Singapore is where Mr. O. A. Lund arrived from. This gentleman is another business executive passing through on his way to America, and from the sounds coming through his cabin door he was all set for a glorious journey.

A group of outstanding interest is headed by Professor Kiang Kang-hu. Nineteen artists are under his supervision and these people from Hongkong will participate at the San Francisco and New York Fairs.

The Professor, leader of the Chinese Socialist Party and a prominent Chinese scholar of to-day, is well-known on the North American Continent. McGill University in Montreal was privileged with Professor Kiang's talent in the

## Chopper Used In Attack On Japanese Man

## ASSAILANT UNDER OBSERVATION

A Japanese, named Hiyoshi Sagara, 34 or 35 years of age, who has been a resident of Hongkong for the last 20 or so years, was the victim of an attack with a chopper as he was taking a meal at the Char Heung Sui Restaurant at 51, Hennessy Road, on Saturday night.

Sagara was attacked in full sight of at least a dozen people. He was severely wounded about the neck and wrist and now is lying in the Queen Mary Hospital, where his condition late last night was reported as yet being critical. The alleged assailant is a restaurant fook, named Li Ping-chuen, about 22 years of age, at the time of the attack is said to have behaved in a manner suggestive of his being aware of the presence of the other customers in the restaurant.

It is stated that he told them not to be afraid and to carry on with their drinks and food as he was "only taking his revenge on the Japanese people for the death of his mother and relatives."

Li is now under observation at the Queen Mary Hospital where he is also being treated for lacerated hands.

When the attack occurred shortly before midnight the diners were not at first aware of it, and Sagara had already been hacked at several times before a Chinese, named Young, seized hold of and plied the assailant's arms behind his back. It is reported by eye-witnesses that the assailant had told Young to release him as he would not attempt to run away.

Sagara, who resides above the Sul Sing Company, 25, Hennessy Road, is suffering from multiple chopper wounds not one of which is necessarily fatal in itself. He has, however, suffered much loss of blood and his eventual recovery is very uncertain.

## ARMAMENTS FRAUD

LONDON, Jan. 28 (Reuter)—Fred Willing, describing himself as a Dutch subject of British descent, gave evidence yesterday at the resumed hearing of the trial, in which, he, his son James, and Denis Michael Corrigan are charged with attempting to defraud an armaments firm of £7,250.

Speaking of the arms deal, Willing said he was furious when his son informed him that Lafitte's £5,250 had been handed to Corrigan in cash against Shu's receipt. Counsel for James Willing, addressing the jury, said they should not be too influenced by the "arms racket being an unsavoury and unpleasant trade," or whether the ultimate destination of the arms was China, General Franco, or Madrid.

The trial was adjourned until January 30, when it is expected to finish.

## AIR MAILS

Two planes the Delphinus and Delia of Imperial Airways will leave Kai Tak Tuesday at 7 and 7.30 a.m. with mail for all ports. The Delphinus will arrive on Wednesday afternoon from Bangkok with mail and passengers from all ports.

## LAND RESUMED

It is notified that the portion of Ko Shing Street, comprising 4,362 square feet and bounded by Nos. 9 to 25 Ko Shing Street on the north side and by Nos. 28 to 44 on the south side, is required for a public purpose and will be resumed on the expiration of one month from the date of the posting of this notice on the said land and that thereupon such compensation will be paid as may be awarded in the manner provided by the Crown Lands Resumption Ordinance, 1900, as amended by the Crown Lands Resumption Amendment Ordinance, 1930.

this year he will be back. But there is a motive in his madness, such as a 45-foot sailing yacht to be built here and which he intends to sail on around the world. The man loves his sailing!

## SEVENTH ANNIVERSARY OF SINO-JAPANESE WAR

### Observation In Chungking And Shanghai: Chinese Take Vegetable Diet

CHUNGKING, JANUARY 29 (CENTRAL)—SHANGHAI SOL-EMNLY OBSERVED YESTERDAY the 7th anniversary of the Sino-Japanese hostilities in the port city in 1932.

The national flag was hoisted at half-mast at all Chinese shops, schools and organisations in the International Settlement and the French Concession. The Chinese observed a three-minute silence at noon and many of them took a vegetable diet for the day.

### CHAMBERLAIN'S SPEECH

(Continued From Page 1)

potential enemies but rather as human beings like ourselves with whom we are always prepared to talk terms of equality with an open mind and hear their points of view and satisfy, as far as we can, any reasonable aspirations that they may cherish, and which do not conflict with the general rights of others to liberty and justice.

"In that way alone we shall remove these eternal suspicions that poison the international atmosphere and get back our security of mind and that confidence which is the life blood of any successful enterprise."

ONLY ONE TO MAKE WAR

"We cannot forget that, though it takes at least two to make peace, one can make war," and until we have some clear understandings in which all political tension is swept away, we must put ourselves in the position to defend ourselves against attack, whether upon our land, our people or the principles of freedom which to us seem to enshrine the highest attributes of human life and spirit."

"It is for this purpose, the purpose of defence and not attack, that we are pursuing the task of re-arming, with unrelenting vigour and with the full approval of the country. It has taken us a long time but progress is now being made more rapidly every day in all directions."

NEW WARSHIPS READY

Mr. Chamberlain then detailed the progress made in all branches of the Services during the year ending on March 31. Sixty new warships, with a total tonnage of 130,000 tons will have been added to the Navy and for the ensuing twelve months the addition will be even larger, namely about 75 ships of 150,000 tons.

The Air Force is also going ahead at an equally remarkable rate. In the last few months the rate of aircraft production has been doubled and good progress has also been made in recruiting.

The defences in anti-aircraft defence apparent last September have largely been removed and the position has been very greatly improved, not only in regard to the increase in the number of guns but also in the matter of organisation.

OPPORTUNITY FOR SERVICE

Elaborating on his national service broadcast, the Prime Minister said, "If we should ever be involved in war we may well find that if we are not all in the firing line we will be in the line of fire. And in meeting that danger there is a new opportunity for service, by the civilian population, in the various branches of civil defence. We are not seeking to build up a large civil defence force to be embodied in time of war like a professional army. Our task is to find people for certain definite jobs, and not find jobs for the whole people."

Concluding, Mr. Chamberlain said that he regretted it should be necessary to devote so much time and such a vast proportion of the revenue of the country to warlike preparations.

"NOW IS THE TIME"

"I feel that now is the time the others should make a contribution," he said. "To-day the air is full of rumours and suspicions which ought not to be allowed to exist, for peace could only be endangered by such a challenge as envisaged by the President of the United States in his New Year message, namely the demand to dominate the world by force."

"That is a demand which, as the President and myself already declared, democracies must inevitably resist."

"I cannot believe that such a challenge is intended, for the consequences of war would be so grave that no government would lightly embark on it. Moreover, I remain convinced that there are no differences, however serious, that cannot be solved without recourse

## TO KEEP U.S. AT PEACE

Mr. Sumner Welles On World To-day

NEW YORK, Jan. 28 (Reuter)—The Assistant Secretary of State, Mr. Sumner Welles, in an address to the Bar Association yesterday, declared:

"In this gravely serious and disquieting moment of our modern civilisation the major objective of the Administration's policy is to keep the United States at peace."

"At the same time the American Government and people reserve the right to protest and condemn the cruel and inhuman treatment of human beings wherever brutality occurs."

RIGHT RESERVED

They had also made it clear, Mr. Welles said, that they would exercise the right, if necessary, to challenge the foreign policy of any other nation which threatened the peace and security of the United States or which resulted in violation of the treaty rights of the United States or one of its nationals.

Turning to the Far East, Mr. Welles declared the United States was ready to join all nations having a direct interest in that quarter of the world, including China and Japan, in discussion of any proposal based on reason and justice which might be advanced for modification or elimination of existing treaty provisions.

## VISIT TO JAPAN

Former C-in-C Makes Proposal

LONDON, Jan. 28 (Reuter)—The recently mooted suggestion that Mr. Neville Chamberlain or Lord Halifax should visit Japan, is the theme of a letter from Admiral Sir Howard Kelly, commander-in-chief, China Station, from 1931 to 1933, which appears in the "Daily Telegraph" to-day.

Admiral Kelly says that it is obviously impossible for members of the Government at present to leave London for a prolonged period.

OPTIMISTIC ABOUT RESULT

However, he says, nothing but good would come of the visit of a small unofficial delegation of such status that it could discuss matters on terms of equality with Japanese Ministers—not representing the British Government but voicing the "general opinion of the British people."

Admiral Kelly suggests that a statesman of the calibre of Earl Baldwin should head the delegation.

He would feel very optimistic of the possibilities of peace ensuing from a visit of this sort.

## REFUGEES POURING INTO FRANCE FROM SPAIN

Men Of Military Age Not Allowed Over Frontier

PARIS, JAN. 29 (REUTERS)—THE COUNCIL OF MINISTERS HAS DECIDED that if any of the Republican troops arriving in France expressed the desire to return to Franco territory they should be allowed to do so. Others are to be retained in camps in France.

It is believed that the Pope and other eminent personalities have appealed to General Franco to use clemency and make a declaration enabling civilian refugees to return to Spain without any fear of retaliation.

Thousands of refugees, mostly women and children, are now massing along the six-mile frontier stretch between La Jonquera and L'Esperthus and two columns of Republican troops, each six thousand strong, are reported to be making for the French frontier town of Pratsdemollo.

Over one thousand refugees, including two hundred militia men, crossed the frontier at L'Esperthus and they have been sent by train to the interior.

## HEAVY FIGHTING IN SHANSI

Chinese Recapture Chihshien

CHUNGKING, Jan. 29 (Reuter)—Heavy fighting in south Shansi continues, according to Chinese dispatches. It is stated that Japanese forces at Chihshien, westward of Linfeng, pushed westward towards the Yellow River crossing it a fortnight ago. The main body of Chinese troops on the east bank of the Yellow River withdrew to the Shensi side in the vicinity of Yichuan.

Meanwhile they are blasting the ice in the Yellow River with dynamite.

The reports add that when the Japanese attempted to cross the river, Chinese defenders on the opposite bank repulsed them with heavy machine-gun fire.

Another detachment of Chinese troops, attacked the Japanese from the rear with the result that the Chinese recaptured Chihshien and Hsianning, the Japanese retreating towards Chianshan southward of Houma.

## CHINESE JOURNALIST HONOURED

KWEIYANG, Jan. 28 (Central)—For his unflinching loyalty to his country, Mr. Fang Tsang-lang, former reporter of the "Wuhan Daily News," who recently escaped from Japanese hands in Tientsin, was highly commended by the Central Publicity Department in a special order to-day. A grant of \$200 was also given to Mr. Fang.

Mr. Fang was captured by the Japanese at Hsuehchow when the city fell into Japanese hands last year. The Japanese forced him to work for them under threat of death, but Mr. Fang remained unmoved. He was later brought to Tientsin by the Japanese, but managed recently to escape to Kweiyang.

## NEW AIR LINES

CHUNGKING, Jan. 29 (Reuter)—The Eurasia Aviation Corporation to-day inaugurated a new air line from Chungking to Sian, from Lanchow to Lanchow, also from Lanchow to Sian, thus opening up passenger and mail services between Chungking and important points in China's north-west provinces.

The Secretary for Air took the opportunity to announce changes affecting the Civil Air Guard, 1,400 licence holders in which—and all those qualifying in future—will be grouped in three classes according to the type of service they might render in war.

Flying and training subsidies will also be increased, but in view of the original 36,000 applications, the ban on new applications announced some time ago must be maintained for the present.

Sir Kingsley also referred to the measures taken by the Air Ministry to broaden the basis of aircraft production including further development of wooden construction.

WHOLESALE PRODUCTION

Eight firms, he said, were now engaged on production of considerable numbers of wooden or composite aircraft.

The Air Ministry, it was announced in London, has completed arrangements for extra training for members of the Civil Air Guard in addition to their annual training.

## REFUGEES FOR FRANCE

## WILL SURVIVE DISASTER

He said that fresh reserves of men and material, which had arrived too late to defend Barcelona, would now be put into operation, and he was confident the Government would survive the disaster.

The Spanish Cabinet met last night, and measures which will be of unusual interest are expected to be announced shortly.

The Nationalists claim to be making further progress in their advance northward from Barcelona, and say they have occupied points fourteen miles away.

## CHINA'S FOREIGN POLICY BASIC PRINCIPLES

CHUNGKING, Jan. 29 (Inf)—As regards China's foreign policy, the Central Government has adhered to five basic principles to establish national independence through resistance.

The Ministry of Foreign Affairs will make three appeals.

Firstly, to urge the League of Nations and the Nine-Power Treaty signatories to carry out their obligations; secondly, to urge the responsible Powers to uphold international law and order and to discharge their duties under treaties; and thirdly, to adjust the internal diplomatic organs and officials so as to obtain the best efforts, and to improve close relations among the friendly nations.

## APPEAL FOR PEACE AND CO-OPERATION

Broadcast Message In German

LONDON, Jan. 28 (Reuter)—An eloquent appeal for peace and co-operation among nations, over the signatures of nearly a score of public men eminent in diverse fields of activity, has been issued to the press and broadcast in German.

The statement says: "A spirit of uneasiness broods over the world. Men and women in every country are uncertain what the next weeks and months may bring."

"They see huge armaments piling up on every side. They see plans being made for civilian defence, and they realise only too vividly that war under modern conditions between highly organised states can bring no good but only death and destruction to countless homes irrespective of age or sex."

CIVILISATION THREATENED

"They see our civilisation, to which men and women of all classes and in all countries have contributed, threatened with the greatest catastrophe in human history."

"WE STAND FOR PEACE"

"It is time, if we are not to be too late, that men of goodwill who value the fruits of civilisation, who have no hatred or spirit of revenge in their hearts and so desire in all sense to live on terms of friendship with their fellow-men in every country, should speak across the frontiers to those who feel as they do in order that they may use to-

gether their gifts of heart and mind to co-operate in preventing the supreme catastrophe and in breaking down the artificial barriers of hatred by which we are in danger of being divided."

"We in Britain have no desire to dictate to others. While resolutely determined to maintain our own liberty we stand for peace—a peace of equality for all and of justice for all."

APPEAL TO ALL

"We stand for the rule of law in relations between nations, the only basis on which our civilisation can be preserved."

"We recognise that no civilisation, if it is to survive, can be static, but no nation will find a lasting solution of its problems save in a spirit of co-operation with others."

"We appeal above all to the leaders and people in the Great German Reich at this moment of Power and influence in their history."

## COLONY RUGBY SIDE SHINE

## Rest Beaten Easily In Practice Game

Hongkong should have no hard task with Malaya judging from their display on Saturday against the Rest of the Colony at Causeway Bay, when the emerged winners by a score of 34 points to 9.

The three quarter-line was very strong, and with good support from the forwards found the Rest's goal-line time after time again.

## CRICKET

(Continued from Page 2)

Kitchell stayed with Madar for 34 minutes to add 31 runs, but at 5.40 Souza held him off A.K. Ismail. Thereafter it became a question of whether the home side could get out Madar quickly enough to run through the tail.

Madar held on for eight more minutes till he fell to an extraordinary catch by Ernest Zimmern. The utility of his innings cannot be measured by the 22 runs he scored.

That made it 7 for 78. Ismail All joined "Putty" Ismail who was apparently perfectly happy. At 5.58 (according to the score-book, though, as above, I made it 80 seconds to six o'clock) All got out. The end I have already described.

A summarised reflection of this game would seem to show that whereas the Indians at one stage looked probable winners, they wound up by being lucky indeed not to have lost.

## SUEZ CANAL COMPANY ON ITS RIGHTS

## Infringement To Be Resisted

A STATEMENT THAT the Suez Canal Company would not allow  
 itself to be coerced into relinquishing its rights or changing  
 its statute was made at a meeting of the board by the vice-  
 chairman, M. Edgar Bonnet.

The statement is manifestly an answer to the Italian propa-  
 ganda for a share in the administration.

"There has been much talk lately of eliminating the Suez Canal  
 Company for the exclusive benefit of the users of the Canal,"  
 M. Bonnet said. "The management of the great maritime high-  
 way by a private company, we are told, is an anachronism."

"It is said that the shareholders  
 have had their day and are now  
 parasites or even criminals, and  
 that the time has come to hand  
 over the administration of the  
 Canal to some international or-  
 ganization, on which each country  
 will be represented in proportion to  
 its traffic."

"Later the tone of the de-  
 mands softened. It appeared  
 that all that was wanted was  
 an increase in the number of  
 directors and a reduction in  
 tariffs."

EGYPT'S ANSWER  
 "The Egyptian Government re-  
 acted most opportunely by stating that  
 there could be no change in the  
 Suez Canal statute without its con-  
 sent."

"The Suez Canal Company has  
 also a say in the matter. For the  
 statute to be changed, the assent of  
 the Company is also necessary.  
 The Company is absolutely deter-  
 mined to countenance no infringe-  
 ment of its rights and no change  
 in the concession under which it  
 operates. The Company has taken  
 all the risks and borne all the ex-  
 pense."

"The Suez Canal will never be-  
 come a stake in an underhand  
 diplomatic bargain."

"The Company has no intention  
 of abandoning the spirit of moder-  
 ation and conciliation which  
 has always actuated its policy. It  
 will remain true to the traditions  
 which have made it strong and  
 universally respected. But the  
 Company will not allow itself to be  
 influenced by demands or threats  
 and still less by insults."

## Two Hundred U.S. Planes

## CHINA CONTRACT COMPLETED

ACCORDING TO THE PRE-  
 SIDENT of the American  
 Bellanca Aircraft Company,  
 Mr. Giuseppe Bellanca,  
 China has contracted to buy  
 200 fighting planes from the  
 company at a cost of \$8,300,000  
 (approximately £1,600,000).

The agreement is subject to the  
 approval of the Chinese Govern-  
 ment and of its Ambassador in  
 Washington.

"Although the arrangement  
 reached is conditional, Mr. Bel-  
 lanca stated that mass production  
 of the order had already begun.  
 The order, he added, included  
 fighting equipment such as ma-  
 chine guns and bomb racks.

The planes to be delivered can  
 be used both as fighters and  
 bombers, and are known as Model  
 28-90.

A copy of the contract, said Mr.  
 Bellanca, had been filed as part  
 of the registration covering the issue  
 of 100,000 shares of common stock  
 in the Bellanca company.

## TRAINING FOR YOUNG ENGINEERS

Looking no time to profit by the  
 prospect of increased traffic along  
 the Burma-China highway as a  
 result of the British credits to  
 China for the importation of goods  
 through Burma, a representative of  
 the China Travel Service has  
 proceeded to Rangoon with the  
 express purpose of establishing  
 hotels and restaurants along the  
 highway.

The representative declares that  
 there is already a good deal of  
 traffic on the highway, which he  
 adds, is in good condition.

## M'SEX FAIL TO CLINCH EXCELLENT START

### Kwong Wah's Last Minute Goal Gives Share Of Points

WONG KING-CHUNG'S last minute goal forced Middlesex to share points with Kwong Wah in their senior division league encounter at Sookunpoo on Saturday with three goals apiece. Middlesex after a fine start of two clear goals ahead of their opponents, allowed the Chinese to equalize, then the Army forged ahead again only to let their opponents draw level just before full time.

Saw played a grand game in the Middlesex forward line and netted a beautiful goal. Marable on his wing was very clever, and his cross shots gave the Army side many opportunities to score. Kwong Wah's defence was ably supported by Hou Yung-sang and Chung Tai-lam, both of whom had a big hand in defeating Navy in the Lal Wah Cup competition last Saturday.

The three inside forwards played a fine game but they were a fraction of a second too slow in scoring—first timers would have found Middlesex beaten.

**MIDDLESEX START WELL**  
Middlesex swept up the field soon after the whistle went. Marable, bringing the ball along the line, sent over a fine centre for Saw to test Lee.

Rallying again, the Soldiers had the ball over the left wing. Pearson, centring, saw Courtney send a fine header home for the opening goal.

Pearson came into the limelight again when he ran through the Chinese defence and shot. In an effort to save the situation, when the goal was beaten, one of the defence handled the ball. The spot-kick was netted by Pearson. At half time Middlesex were two goals in the lead.

After the interval Kwong Wah settled down to serious play. Chun Chi-fun reduced arrears after beating Jackson with a fine drive. Cheuk Shek-kam put the Chinese level.

Middlesex re-doubled their efforts and were rewarded by Saw's fine effort. Towards the close of play Wong King-chung netted and the final score remained three goals each.

### KOWLOON AVENGE DEFEAT

Kowloon avenged their defeat at the hands of St. Joseph's in the first round of the Senior League by defeating the latter by the odd goal in three.

Fielding their strongest team this season, the Mainlanders made sure that they would not let the Saints repeat their success and after a closely contested game emerged the winners.

As usual all honours went to the forward line though the defence gave a supporting hand. Pat Jorge excelled, and proved a constant menace to the opposition. Honnibal paved the way for many openings.

## POLICE WIN BY ODD GOAL

### Scots' Custodian Badly Winded

In their Senior League football encounter with the Royal Scots at Boundary Road yesterday, the Police won by two goals to one.

Hossack scored for the Scots in the first half, when the game was alternately carried from one end of the field to the other and Pike, replacing Moss in goal, was kept busy.

Howlett headed in the equaliser for the Police from a pass by Wong Man-kwai, running into the goal and falling on Duncan, who was badly winded and had to be helped off the field.

The Scots continued with one man short. Marshall, who played at centre-half prior to Howlett's collision with Duncan, has had some experience as goal-keeper in inter-company football and he played his part nobly making a few good saves. The Police, turned in the winning goal as Wong Man-kwai netted from a pass by Howlett.

The teams were as follows:—  
Police:—Pike, Parker, Chen Kwong-yu, Yang Kwai-choi, Brittain, North, Wong Man-kwai, Gordon, Johnston, Howlett, and Kong Hing.  
Royal Scots:—Duncan, Fraser, Adamson, McDonald, Marshall, Clark, Munroe, Flemming, Hossack, Allan, and Holmes.

**SCOTS' EASY WIN**  
In the Second Division encounter, the Royal Scots defeated Police by seven goals to one. Scorers for the Scots were Keane, Williamson, Callaghan (two each) and Fraser. Taylor netted for the Police.

### SOUTH CHINA "B" WIN FIVE-NIL

South China "B" seem to have benefited much from their recent tour and defeated Club in their senior division league encounter on Saturday by five goals to nil. Club lost the services of Fowler in the forward line, Bickford on the wing did not fare well, while Strange, though doing trojan work, was not supported.

South China had an easy time and opened scoring soon after the commencement. Lau Chung-sang netted from a rebound.

Yung Shui-yick cut in from the wing and made no mistake with his shot, at half time the score was two goals to nil.

Chan Tak-fai added the third goal soon after the interval with Au Sze-ngok scoring from a penalty kick.

The fifth goal was netted by Yung Shui-yick and the final score was five clear goals for South China "B".

### THIRD DIVISION MATCHES

Third division games resulted as follows:—

"A" Section  
Electric beat 5th A.A. Regiment 2-0. Peers and Chan Man scored.

"B" Section  
24th Evy. Bty. beat R.A.F. 2-1. Atkins and Hodgson scored for the winners; Moore for the losers. Engineers beat R.A.M.C. 1-0. Pike scored.
